OBJECTIVE

I am a young and imaginative Web, Graphic and UI/UX Designer with 10+ years of experience in creating meaningful experiences through design. Persistence, Curiosity and an obsessive attention to detail define me and I am competent in all aspects of the design process. My only goal is to excel in the design world and to become one of the best design professionals.

I have some front end coding experience and enjoy working with devs to build ideas out. Able to take ideas from concept to wireframe to prototype to production.

I am currently seeking full time employment with an agency that has an environment encourages values, learning & growth, and effectively contributes to my personal development and the organizations growth.
